RE: Expulsion of Master Yu

28 April 2015

Dear Master Ferrando and Board of Directors claimed ITF headquarters in Spain,

I got information from my friends of your federation that you had sent an email to all of your members **after 19 February 2015** : [ We inform that Master Yu is not anymore ITF members and all his degrees has been suspended ]

I am asking you please not to be so arrogant and you have no rights to say above :

- I had resigned as your federation member at **11 February 2015** and you had forward my letter to all of your members at **19 February 2015**. You may not understand or you may be an amateur in management. My resignation letter means I have given up All of your federation's qualification from that date, you and your board members have no rights to mention anything related to me unless you got my permission
- - 1) None of your federation members had given me any promotion test
  - 2) None of your federation members had been my ITF teacher
  - 3) I got my 7 degree at 2001 and I granted your 7 degree at 2004 when your federation was founded by late President GM Tran, BUT Not any of you
  - 4) Regarding ranking, I voted and allowed your members to be promoted to Grandmasters including GM Bos.. etc when I was your Board of Director
- Your federation had lost court cases with no rights to appeal in Austria which is General Choi's ITF headquarters and and you were forced to move your headquarters to Spain. Court Austria had judge who is legally International Taekwon-do Federation (ITF)

I know we hold different visions of TKD spirit but I will not change any of what I declared at 2001 : [ **I stand in Democratic, Justice, Fair and Fully Respect** ], and

I will continue to battle injustice for the rest of my life.

Yours in TKD,

Master Alfred Yu  
ITF Master
